2011 NOV 22 P 2: 54

My name is Andres Esquivel case #101101231. I have court Nov, 23, 2011. My Davis County court date was moved to Dec, 06, 2011 for preliminary Hearing some of my witnesses could not attend due to the Holidays, they are also witnesses in my defense for the American Fork case #101101231. At my last court appearance they were all threatened by Daryl Acumen in the hallway of the A.F court house while I was talking to your bailiff Mr. Valdez. Daryl Acumen told the cameraman to go F\*\*\* himself and the witnesses Steve Klemark, Jake House, Mr and Ms.Allen Brady, Shar Jenkins and John Steer wanted to talk to their own council before returning to the American Fork court house being concerned with their safety. We have posted the video of the comment from Daryl Acumen at www.KarmaCause.com if you would please relay this to prosecutors in order to address this issue. I wish to assure the safety of my witnesses when we return to Utah from Denver on Dec, 06, 2011 and if I may request that my court At American Fork be changed to Dec, 07, 2011 so that we may all attend? I have obtained council and it is my intention to plea not Guilty.
